Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Aaron Grunberger on 7/2/08.

The application has been amended as follows:

Claims 17-21 are cancelled.

2. The amendment dated 6/14/07 has been entered.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: the closest prior art reference or record (Greene et al. – 6,922,685) does not teach or suggest the features of each local runtime object including a generation setting (as defined in the specifications) associated with generation of the respective local runtime object as claimed in claims 1, 9 and 16, the features of claim 5 of a generator component configured to invalidate and validate server and local runtime objects to retrieve a requested one of the server and local runtime objects and to regenerate the requested runtime object conditional upon the retrieved runtime object's validity, the features of claims 6 and 13 of having at least one pointer configured to identify from the plurality of local runtime objects a local runtime object including an original checksum attribute with the at least one pointer configured to include a copy of the original checksum attribute

Art Unit: 2193

associated with the local runtime object that the at least one pointer is configured to identify, the features of claims 7 and 14 of determining if a plurality of server runtime objects include a valid copy of the requested runtime object based on a generator component and if it is determined that the plurality of server runtime objects include the copy of the requested runtime object determining if the plurality of local runtime objects include a runtime object that corresponds to the valid copy of the requested runtime object.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The drawings submitted 6/14/07 have been approved by the examiner.
5. Claims 1, 3-9, and 11-16 are allowed.
6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Chavis whose telephone number is (571) 272-3720. The examiner can normally be reached on M-F, 9:00am-5:30pm, EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lewis Bullock can be reached on (571) 272-3759. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
